7/20/89

Ed Hancock, President
South Coast Cactus and Succulent Society
26300 Crenshaw Blvd.
Palos Verdes Peninsula, CA 90274

Dear Ed:

What a pleasant surprise to receive the \$200 check from the South Coast club made in favor of the CSSA Research Committee! Thank you very much. Your club has been very generous in keeping up the contributions to the Research Committee. Please convey our sincere thanks to every member of the south Coast club.

The funds will be used to help a research scientist to increase our knowledge of succulent plants.

Seymour Linden
President and Chairman,
CSSA Research Committee
