

1973

7, 9, 10, 11, 12  
2 Non-Scorable

The South Coast Cactus & Succulent Society will meet July 8, 1973 at 1:30 P.M. in its usual place at the South Coast Botanic Garden.

The program will be a trip to East Africa with Lillian and Dr. Otis True. Members will recall Lillian for her wonderful program on Senecios.

Virginia Martin will be our speaker for August. There will be a discussion of a possible trip to Tegelburgs Cactus Gardens & Nursery in September; as the National Fuchsia Society is again pre-empting our meeting place.

After the favorable comments on the plant table last month, a similar plant table will be presented in November. The plant chairman is in need of 2" and 3" plastic pots.

Herb would remind everyone to bring in your discards and donate them for our White Elephant Table, also to buy something from the table.

Members who entered the Fiesta Del Flores should come prepared to tell us about any ribbons or trophies they won.

Plant of the month will be Pachypodiums, also any plants members have that are in flower.

Plant table, refreshments, cultural hints and discussion.

Come and bring a friend.

Did you get a chance to read  
the convention program? <sup>5</sup>
