

South Coast Cactus & Succulent Society

MEETING MARCH 12, 1978, 1:30 P.M.
SOUTH COAST BOTANIC GARDENS
26300 CRENSHAW BLVD.
PALOS VERDES PENINSULA
president --
MARY BELLE WALLENHORST

Important, there will be a
SHOW COMMITTEE MEETING: at 12:30, March 12.
Will chairman of all show committees and
anyone else interested please be there promptly.

Program: Will be a SURPRISE! Come and be surprised too!

There will be a PLANT TABLE! Don't forget to get your ticket, and be prepared to bring home bounty.

Plant of the Month: Turbinicarpus are small, interesting cacti that begin blooming early and some keep it up almost all year.

Bragging Plants: Please put plant name if you know it (try to know it), your name and any other information you know about the plant such as natural habitat and culture on a piece of paper with it as you place it on the table. It will aid in the presentation of the plant table section of our meetings a great deal and the information will then be there for members to review when they come up to get a closer look at the beautiful plant we bring in. It is a great way to share our hobby with one another. In the near future, printed cards will be provided for you to fill out that should simplify this new way of handing the plant table.

White Elephant Table: John and Joyce Dews are doing a very nice job with their newly assumed service! A new White Elephant with unusual markings now designates the place to find things you never knew you needed.

Last Month: Gary Lyons gave us some history of the Huntington Gardens and showed many slides of Cacti and Succulents in the garden including many that make lovely groundcovers.

NEW Rosters: The 1978 club roster of members is out and will be available at this meeting to paid up members. Membership chairman Rowena Thompson will have the rosters and hand them out. Be sure and pick yours up.

New Members: no new members but we have a new address on a very old and good friend.
