

*** We will meet in the conference room in the administration building this month. You will need your SCC&SS membership card to get in without paying.

PROGRAM: Virginia Martin, President of CSSA, will speak on the flora in sights of Cuernavaca, Oaxaca, and Chipas, Mexico.

PLANT OF THE MONTH: Ceropegia -- there are more species available now, many are currently in bloom, so this would be a good time for a closer look.

TROPICA: If you want this book at 10% discount bring your check made out to South Coast Cactus and Succulent Society to the meeting and give it to our treasurer Rosalind Hancock.

SHOW & SALE -- don't forget! October 21st at Country Hills Shopping Center at Rolling Hills Road and Crenshaw Blvd.

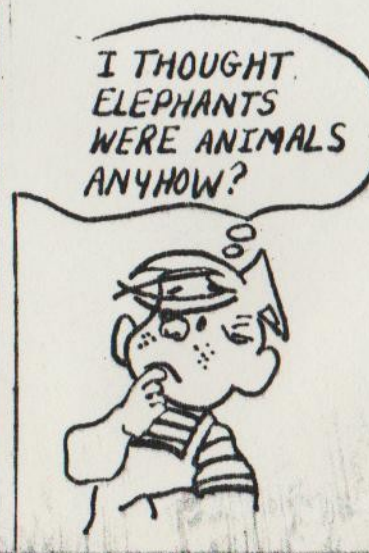

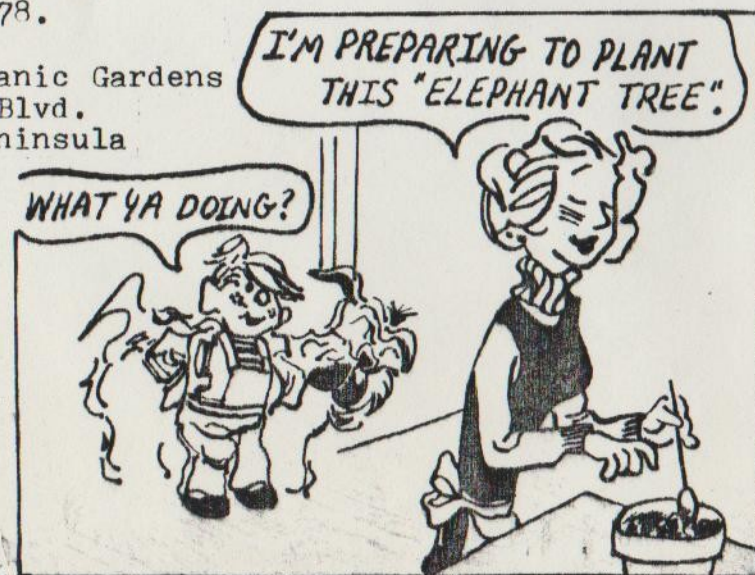

LAST MONTH: Lorin Gillogly presented a slide program on insects, succulent plants and explained something of the reasons and methods of plant inspection on imported plants. He had cases of some of his insect collection as well. His sense of humor, beautiful slides and interesting -- some beautiful -- insects captivated us all.

LONG BEACH CACTUS SHOW and SALE: September 17th (Sunday) at the Dominguez Adobe on Alameda Blvd. about ½ mile south of the 91 Freeway. The building can't be seen from the street, so watch for a driveway on the west side of the blvd.

SOUTH COAST CACTUS & SUCCULENT SOCIETY
meeting at 1:30 P.M.,
September 10, 1978.

At the
South Coast Botanic Gardens
26300 Crenshaw Blvd.
Palos Verdes Peninsula

President,
Mary Belle
Wallenhorst
