#### REGULAR MEETING

#### PROGRAM

Joyce Tate, who compiled the Cactus and Succulent Society of America's Cactus Cook Book, will present a program on Plants of the Bible.

BRING YOUR BLOOMIN' PLANTS FOR THE BRAGGING TABLE

#### CHRISTMAS PARTY

Members are asked to make holiday decorations which include plants for club decorations and which can be used for a display for the Open House at the Gardens which will begin with a reception and tea December 16.

There will be a gift exchange. If you wish to participate, bring a gift that has something to do with gardening and value between \$1.00 and \$2.00.

Remember the food! If you have forgotten what you signed up to bring, call Jan Woodworth, 328-7425; she has the list. If you haven't signed up, you may call Jan - she has suggestions as to what you can bring.

INSTALLATION of officers for 1974 will be the last order of business this month.

#### LAST MONTH

Gary Lyons of the Huntington Desert Gardens spoke on the Gardens and their purpose. He had many slides showing how well these plants grow in the area with no artificial protection. In severe winters, some freeze back, but survive to grow big and beautiful again.
