

South Coast Cactus and Succulent Society
meeting January 10, 1982 ; at 1:30 p.m.
at the South Coast Botanic Garden
26300 Crenshaw Blvd.
Palos Verdes Peninsula

BOARD MEETING for all committee
chairmen and interested club mem-
bers will be held February 14, 1982
at 12:00 noon, preceeding our reg-
ularly scheduled February meeting.

PROGRAM: Member Doug Rawcliffe, who dazzled us with his views of the ancient
Mayan civilization back in September, will present a program about photograph-
ing cactus and succulents.

PLANT OF THE MONTH: Tips on how to care for that plant you received for the
holidays will be presented.

Don't forget to BRING IN BRAGGING PLANTS!

REFRESHMENTS for our January meeting will be provided by Mary Crawford, Pat
Hughes, Gladys Axcell, as well as Beverly and Frank Denison.

LAST CALL FOR MEMBERSHIP DUES to be turned into Norma Holley if you want to be
included in our club's 1982 roster. She must receive your remittance (\$5.00
for a single membership) by January 15, 1982.

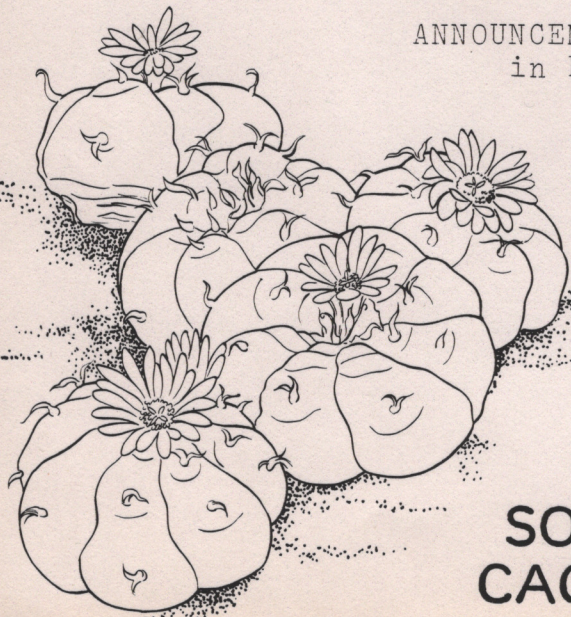

LAST MONTH: The club celebrated the holiday season with a festive party featur-
ing a wonderful luncheon buffet with food provided by members. A gift exchange
took place, there was a surprise raffle, and many members took the opportunity
to see the club's display for "Holiday in the Gardens".

A warm thankyou goes out to all the thoughtful club members who contributed to
the club's display for "Holiday in the Gardens". It couldn't have been success-
ful with out you. The club also wishes to extend congratulations to member
Rosalind Hancock who acted as Chairman of "Holiday in the Gardens" for a
beautifully decorated and festive exhibition.

NEWS FLASH!! Good news regarding our development of a permanent cactus garden
was revealed at our December meeting by Frank Denison. Chevron has come through
with a grant! The grant amounting to \$5000.00 will be presented in one complete
sum, rather than the proposed division which had been expected. Many thanks
goes to Frank Denison for his full support behind obtaining this forth coming
grant. Special thanks also goes to Stan Oleson and Ed Hancock for all the hard
work and time that they have put in on the ground work for developing this
project. And many thanks goes to all those wonderful committed club members
who have worked very hard physically moving donated plants. Much work still
lies ahead but it now looks very hopeful that 1982 will be our year for estab-
lishing a permanent cactus garden. More details and an update will be given at
our January meeting.

ANNOUNCEMENTS: On January 17th Rockwell International
in Downey (located at 12241 Lakewood Blvd.) is
having an open house. A full size wooden mock-
up of the space shuttle ship #3 that is under
construction will be on view and Astronauts
Engle and Truly will be featured speakers.
More details regarding times will be
given at our meeting for those who are
interested in attending.

WHAT PLANTS HAVE YOU STARTED FOR OUR
JUNE PLANT SALE?! You may think that it
is to early to start your rooting but it
isn't! Your donated plants need time to grow!!
