

Meeting
March 14, 1982 at 1:30 P.M.
at the
South Coast *South Coast Cactus & Succulent Society*
Botanic Garden
26300 Crenshaw Blvd., Palos Verdes Peninsula

PROGRAM: Stan Oleson will give us a full run down on where we stand in the development of our permanent garden. Several diligent, hardworking club members met recently at the garden to discuss plans and give our project more direction. Following Stan's report 2nd Vice President/Program Chairman Tom Rische will challenge us with a brief discussion of "what do you know about cactus and succulents?"

Refreshments this month will be provided by Frances Bruce, Carol Kennedy, Val Oleson, and Jack Wadleigh.

Plant of the Month: "Doctor" Norma Holley is going to demonstrate the care and treatment of ailing Echeveria patients (sans scalpel) assisted by the not very capable but capitive "Nurse" Karen.

Come check out what there is to check out -- visit & use our library. Also be sure and browse through Britton and Rose's The Cactaceae Vol. I - IV (bound into 2 large books). These books will be auctioned off at our April meeting. Opening bid of \$18.75 accepted! We are able to auction off these books due to the thoughtful generosity of members Elizabeth & Jay Thomas who have donated new copies of these volumes to our library.

Last Month: Frank Horwood of Abby Gardens, world traveler and succulent collector, presented a slide lecture on his travels in the arid Somalia.

Also last month:

The club decided to celebrate our April anniversary by purchasing a cake from Ramona's. Val Oleson has been put in charge of procuring this heavenly dessert.

Very important decisions were made at our last month's board meeting regarding the plant sales procedure for our June Show/Sale. See the attached second sheet for details.

1982 Club Rosters, pots for donated plants as well as plant labels were available for club members to pick up at our last meeting. All these items will again be available in March. REMEMBER your donated plants must be started NOW! They need to develop roots and get off to a good start before they are brought into our June Show/Sale.

Gladys Axcell is recovering from broken ribs suffered in a nasty fall that occurred before our February meeting.

Our sincere condolences go to member Eve Workman who lost her son in a tragic motorcycle accident on February 26th.

WELCOME to our

returning member Marianne Hillman
P.O. Box 91
Lomita, Ca. 90717-0091
Phone: 530-8762

and to our new members Wilma D. Myers
1223 Averill Avenue
San Pedro, Ca. 90732
Phone: 832-2712

Ronald & Gail Taylor
