

South Coast Cactus & Succulent Society
meeting May 9, 1982
at the South Coast Botanic Garden
26300 Crenshaw Blvd.
Palos Verdes Peninsula

A very important BOARD MEETING will be held at 12:30 preceeding our regularly scheduled meeting. If you plan to sell any plants (not donate, but sell for a per centage of the profit) you must attend this BOARD MEETING where require-ments for sellers will be reviewed.

All club members selling plants should be sure and check the sale procedure sheet sent out with the March newsletter. You must FOLLOW THE INSTRUCTIONS given on that sheet or you will not be allowed to sell. There are still a few important details regarding the show/plant sale that need to be discussed and acted upon so please be there at 12:30.

Our regularly scheduled meeting will start at 1:30 where we will, at last, have the opportunity to mark our club's founding 10 years ago. We will have a finger foods luncheon (be sure and bring your favorite dips, chips, fresh fruits, vegetables, and luncheon meats) followed by a tasty slice of our special anniversary cake.

Our program will be a look backward at the club's past activities. Program Chairman Tom Rische will present a slide program of our 10 year history including a review of last year's show plants. Additional club photographs, past newsletters, newspaper acticles about us and other documents covering the past 10 years will be presented in three, large green, loose leaf notebooks for your viewing. Norma Holley took on the truly arduous task of organizing all this material that has been kept by past club historians.

Don't forget a "silent auction" will be condusted for the very special editions by Britton and Rose. Opening bid of \$17.50 accepted. More details at our meeting.

JUNE SHOW NEWS:

Planning to enter a display in our show? Please make reservations no later than the May meeting for special displays or large (collections) entries. Floor plans must be drawn up and turned into the gardens for approval. Be sure to ask for plant hangers, display screens, and specify how many 8 foot tables you will need and whether you want the tables against the walls or setting free out in the open floor space. Don't forget that there are gold display bullentin boards. If your entry can use one effectively please specify. Turn in your written requests to Karen Holley.

Double check your assigned work times! Take out last month's newsletter and re-read the second sheet. Place your work times, dates, and where you are assigned on your calendar so you can not forget. For any adjustments in the assigned work times call Norma Holley at 835-8109 in the afternoon or evening. Remember the June Show/Sale takes the place of our regularly scheduled meeting and our reward for all our hard work is the bus trip in October.

All club members entries should be identified and labeled prior to the show. Entry forms, registration blanks, as well as show entry schedules will be available at our May meeting. Entry forms and registration blanks should already be made out and ready to be attached to each entry.

Your donated sale plants should be labeled with the correct species name on white lables marked with "C&S Club" on their back side. If you have not received your labels they are ready for you to pick-up at our meeting.
