

SOUTH COAST CACTUS AND SUCCULENT SOCIETY  
REGULAR MEETING, SEPTEMBER 12, 1976; 1:30 P.M.  
South Coast Botanic Gardens  
26300 Crenshaw Blvd  
Palos Verdes Peninsula

Eleanor Barker  
President

**PROGRAM:** Virginia Martin has taken particular interest in Adromischus for quite some time. She has the best collection any of us are ever likely to see. This month Virginia will present a program on these pretty little plants and we will probably all be out searching the the nurseries for more for our own collections!

**PLANT OF THE MONTH:** A genus of wide variety which inspires frustration because its members grow too well or not well enough is the September Plant of the Month. Bettie Causey will give us some information on the Kalanchoë clan.

**BRING YOUR BRAGGING PLANTS!** WE ALL WANT TO SEE THEM AND HEAR HOW YOU PERSUADED THEM TO BE SO BEAUTIFUL.

**DEL AMO PLANT SHOW:** We will be taking part in the plant show in the Del Amo Shopping Center September 25 and 26. We will need people to help. More about this at the meeting.

**BUS TRIP:** We will make the decision at this meeting where we go on our bus trip October 10th (October regular meeting date). In the past, the Club has decided the trip would be free for those who worked on shows, and that in the event there not enough seats, they would be given first choice. Although it is late, we still have a show with sale table to go. So if the Club makes such a decision, there is still work to be done. (That's work?)

**SHOW SCHEDULE COMMITTEE:** Bring your written ideas for any changes you feel should be made and give them to Bettie Causey.

**LAST MONTH:** Charles Allen brought us up to date on what is being accomplished in the State and Federal Legislatures in the area of Conservation. He also pointed out what was still to be done and gave us the names and addresses of State Senators whom we could write to in order to help get the "Coastal Bill" passed. (With some amendments which, hopefully, did not change it too much, it did pass.)

**HAPPINES IS HAVING** our friends on their feet and feeling good! Last month we had Mary Belle Wallenhorst back with us -- walking with care -- after undergoing foot surgery.

Timmie Brotherton is home and improving rapidly after a very serious illness that kept her in the hospital for two weeks. She isn't digging up the yard, but she is enjoying the flowers.

**NEW MEMBERS:**

Mark Nichols
