

**SEPTEMBER PROGRAM-**

Lorin Gillogly, who dazzled us last August with his impressive insect collection and slides from all over the world, will be paying us a return visit. His program is titled "Tropical Plants of Latin America" with emphasis on the species found in Honduras and Guatemala.

**PLANT OF THE MONTH-**

Presented by Eleanor Barker, our subject will be Pachyphytum -- a member of the Crassulaceae family who's species are often mistaken for Graptopetalums, our featured August Plant of the Month.

**SOUTH COAST CACTUS & SUCCULENT SOCIETY**  
26300 Crenshaw Blvd.  
Palos Verdes Peninsula

meeting September 9, 1979; at 1:30 P.M.

**REFRESHMENT VOLUNTEERS for our September meeting are:**

Stella Stubbe  
Virginia McNeel  
Ruth Lunder  
& Fred Rauillion

**BRING BRAGGING PLANTS-**

Share the last of summer plants growth and flowers with us.

**VISIT THE CLUB'S LIBRARY-**  
and check out a book!

Last month we were treated to a raffle of apricot and plum jam and canned peaches donated by Gladys Axcell and Timmie Brotherton. This month, POTS WILL BE FOR SALE. The smaller, more shallow ones will be priced at \$2.75 each; and, the larger, taller pots with saucers will be priced at \$2.00.

Also,  
**LAST MONTH-**

Member Val Oleson presented a fascinating look at the lovely gardens of Ganna Walska's Lotusland, that she recently toured while attending the CSSA Convention here in Pasadena.

**ANNOUNCEMENTS-**

"Holidays at the Gardens" has been scheduled for December 2nd thru December 9th. Start preparing your contributions for our display featuring festive decorations using cactus and succulents. More information available at our meeting.

The Long Beach Cactus Club's 5th Cactus and Succulent Show and Sale will be held September 16th at the Dominquez Adobe, located at 18127 South Alameda Street, in Dominquez Hills. Don't miss attending!

**REMINDER-**

Next month is our October bus -- plant buying -- trip. So there will be no regular meeting. But we will meet at the Gardens early in the morning to board the bus. More information on where we are going at our meeting. Don't miss this annual trip. It is always alot of fun!

**GOOD NEWS • BAD NEWS by Henry Martin**

"While I was on vacation my sansevieria, dieffenbachia and bromeliad all died."

**NEW MEMBERS-**

A warm welcome to a returning member, and two enthusiastic new members.
